DOMINICAN UPHEAVAL KEYS BITTER BATTLES

Only 3 in Governor GOP Race

Knight Quits Over Health

LOS ANGELES (UPI)—Former Gov. Goodwin J. Knight's sudden withdrawal from the governor's race left three Republicans today to challenge incumbent Democratic Gov. Edmund G. Brown.

Knight, 65, quit the campaign following a two-month bout with hepatitis. His withdrawal left these Republicans in the race: former Vice President Richard M. Nixon, ex-Lt. Gov. Harold Powers, and Assemblyman Joseph Shell of Los Angeles, who is running as an avowed conservative.

Brown Statement

Brown told newsmen after he learned of Knight's action that "his withdrawal means that the moderates voting in the Republican party apparently are left without a candidate."

The governor described both Nixon and Shell as "to the right of center." In his initial statement, he overlooked the announced candidacy of Powers. When he was reminded of that, Brown said: "Well, Knight's action will leave Mr. Powers to carry the burden of the moderates."

Support?

Knight made his announcement in a terse statement which did not reveal to whom he would throw his support in the Republican gubernatorial primary on June 5.

In past years he has had his political differences with Nixon, particularly in 1958 when he backed out of the campaign for governor and ran unsuccessfully for the U.S. Senate.

That same year, Brown swept into office by beating Republican William F. Knowland by more than one-million votes.

Governor Here In 'Quiet' Visit

Secrecy is shrouding a current visit of Gov. Edmund G. (Pat) Brown and his wife, Bernice, to the desert resort area today.

The Sun has learned that the governor, his wife, his press secretary and several other members of his staff arrived at the Palm Springs airport Tuesday night and were driven to a cottage at La Quinta.

It is understood that the governor plans to play some golf and relax during a "two or three day" visit.

All members of the entourage have refused to answer phones, and have left orders at La Quinta not to be disturbed.

Jackie Cooper, star of the television series, "Hennessey," has been chosen as Grand Marshal of the 22nd Annual Palm Springs Rodeo at the Polo Grounds Jan. 27 and 28.

Announcement of the choice of Cooper, who owns a weekend home in the village, was made by Clare Ballagh and Cliff Campbell, Rodeo co-chairmen.

As Grand Marshal, Cooper will lead the Rodeo parade Saturday,

Final Hearing On Cameron Case Friday

A final hearing on a motion by attorneys for George E. Cameron Jr., to terminate the temporary conservatorship of his interests by his brother, Arthur Cameron, will be held Friday.

The continuation was from a hearing Wednesday at which the motions for termination were filed by Thurmond Arnold Jr. and Richard Marsh, attorneys for George E. Cameron Jr. It was opposed by Arnold Rumwell and Arthur Crowley, attorneys for Arthur Cameron.

Arthur Cameron was appointed temporary conservator for the person and affairs of his brother, George E. Cameron Jr. by Judge Merrill Brown in Indio Jan. 9. The matter comes before Brown for permanent adjudication Feb. 16.

siding judge of the Superior Court. The committee on the sheriff's department, jails, road camps and communications department, headed by Leonard H. Wolf Jr., Palm Springs, called for more men, equipment, and a pay increase for the thinly-strewn sheriff's substation at Indio.

The report termed patrol in the eastern end of the county—covering approximately 3,000 square miles from the Indio substation—as inadequate, and called for more cars and officers for the area.

The 1961 grand jury, headed by C. Houston Smith, Riverside, called for additional substations, and a study of law enforcement problems at the top of the Palm Springs aerial tramway.

The tramway, slated for completion in 1963, will have a lower terminus in Palm Springs. The upper station, in county territory, would be difficult to patrol, the jurors observed.

The report expressed concern over "the lack of adequate ventilation" in the women's section of the Indio jail. Consideration was asked for new equipment to provide "the standard of sanitation we find desirable" in the county jail in Riverside.

Tear Gas, Rocks Hurled in Clash Of Youth, Police

SANTO DOMINGO, Dominican Republic (UPI)—Street fighting broke out today between embattled youths and police and troops in the wake of the fall of the government Tuesday night.

Two persons were reported killed in separate clashes between rock-throwing youths and authorities using tear gas and noise bombs. Reports from Santiago, the country's second largest city, said five others wounded in street clashes of the past 2 hours.

The new rioting broke out when mobs tried to stop firemen from fighting a blaze at the downtown Uruguay Elementary School. The fire of apparent incendiary origin drew hundreds to Independence Square, site of Tuesday's violent street battles.

There was no immediate report of casualties.

Five members of the seven-man Council of State, including President Joaquin Balaguer, quit office Tuesday night in an apparent palace coup d'etat engineered by Armed Forces Secretary Gen. Pedro Rodriguez Echevarria.

The coup eliminated the majority influence of the opposition National Civic Union from government.

Reports circulated of new shootings in the streets but they could not immediately be confirmed. Confused youths milled around midtown alternately shouting "Down with the Yankees," "Bring in the Yankees," and other pleas for U.S. intervention.

Skull Found On Desert Near Indio

INDIO — County Coroner's pathologist Dr. Rene Modglin is testing a human skull found six miles east of here in order to determine more information about it.

The skull was found Monday by a 19-year-old Los Angeles lad, Fred W. Groves, as he was attempting to move a vehicle stuck in the sand beside Highway 60-70.

While Riverside County Sheriff's deputies checked the area for other clues yesterday, a more thorough study will be made Saturday when Groves returns to pinpoint the location.

According to deputies' reports, the lower jaw of the skull is missing and the upper jaw is broken off near the jawbone. The breaks are jagged and suggest that something broke them forcibly, according to the report.

Pending the pathologist's complete report, indications are that the skull is of a young girl.

Freezing In Most of The Nation

By United Press International

The nation's lowest temperature was recorded at Bemidji, Minn., and an unofficial 56 below was reported 10 miles north of town. Elsewhere in frozen Minnesota, it was 38 below at International Falls, 22 below at Minneapolis, 27 below at St. Paul, 27 below at St. Cloud, and 37 below at Detroit Lakes.

Temperatures were below freezing in most of the nation, and were below zero from the northern Rockies to the western Great Lakes. The mercury stood under 32 degrees as far south as the Gulf Coast and southwest border areas and scattered frost was predicted for northern Florida tonight.

In the Bemidji icebox area, fuel dealers kept their men working all night clearing lines which had frozen between tanks and houses. The temperature plummeted to 40 below zero in Minnesota today in the latest cold wave of a cruel and bitter winter season.

Cars refused to start. Ray Foslid, news director of radio station KBUN, said that once they did "it feels like you're on four square wheels."

The 31-below cold at Superior, Wis., was blamed for the bursting of a huge grain elevator. The grain spilled out onto the ice of frozen Lake Superior.

Firemen at Duluth, Minn., splashed hot water on fire hydrants to keep them from freezing in 34-below cold as they battled a blaze which swept a chain of buildings housing six business firms.

At Chicago, also in the below zero belt and still digging out from a weekend storm, city officials said they had spent \$120,000 on snow removal since Sunday.

WASHINGTON (UPI)—President Kennedy will ask Congress for a quick \$2 billion hike in the national debt limit to help the government pay its current bills, according to the chairman of the Senate Finance Committee.

BIRMINGHAM, Ala. (UPI)—Dynamite blasts damaged three Negro churches Tuesday night in this racially troubled city, injuring two policemen, and police today sought a young Negro seen running from one of the explosion sites.

SANTA MONICA, Calif. (UPI)—Singer Bing Crosby, jolly but a little wobbly, was released from the hospital here Tuesday following a 16-day confinement.

GENEVA (UPI)—The Western powers are determined to keep the question of nuclear testing from getting bogged down in the details of any general discussion of worldwide disarmament.

Britain and the United States challenged the Soviet Union at the test ban talks here Tuesday to agree to controlled nuclear disarmament or shunt the whole question to an 18-nation disarmament conference. That conference is due to convene here March 14.

Hospital Admits George Berkey

George Berkey, Riverside County supervisor representing the giant fourth district covering the desert area, was admitted to Desert Hospital in Palm Springs for "observation and diagnosis" at 6 p.m. Tuesday.

Robert Henwood, Desert Hospital administrator, said Berkey appeared comfortable today, but is receiving no visitors.

Berkey, president of Anderson-Berkey and Co., Palm Springs, lives at 37-774 Peacock Circle, Rancho Mirage.

Slammin' Sam Snead To Appear in Classic

Slammin' Sam Snead will play the Third Annual Palm Springs Golf Classic, it was revealed today by the tournament committee and Leonard Firestone, Classic president.

Snead's participation in the world's only 90-hole tournament, scheduled for Jan. 31 - Feb. 4 at the desert spa, will probably mark his only appearance on the inter tour in California. The 49-year-old "miracle man" of the fairways, as he is known, will battle Arnold Palmer, 1960 winner of the

Desert Museum Opens Saturday

By GENE JOHNSON

Although they might look a bit haggard from the hurried pace of the last few days, Dr. C. E. Smith and his staff of the Desert Museum still can manage a smile or two as they complete work for the opening scheduled for Saturday at 10 a.m.

Originally scheduled for opening Jan. 15, the five-day delay was caused by a series of problems which will be ironed out by Saturday. However, Dr. Smith is still prefaceing most of his last-minute Museum plans now with an "if time permits" qualification.

Brand New

A brand new museum is in prospect for residents and visitors as the \$280,000 construction job which began last April is in its final stages of completion. A new 360-seat auditorium and a 7,500-square foot second floor have been added to the existing facility which has been renovated completely.

Most of the work this week has been toward readying the main

first-floor exhibit hall which will contain some permanent exhibits but, as Dr. Smith reported, "this year we will add and change as rapidly as we can." For instance, he said, the opening exhibit Saturday will probably be added to, or changed, by next Wednesday.

Exhibits

Included in these features for first-day visitors Saturday are two photographic exhibits and a striking color transparency show bringing insects into full and colorful focus.

The photographic exhibits include some close-up art photography of desert subjects by Fritz Kaeser titled "Desert Textures," and another by Edwin Way Teale titled "Nature Photography." Dr. Smith is extremely proud of a permanent exhibit in the main hall containing some of the finest specimens of rare minerals of the Crestmore quarry near Riverside. "It's better than the one at the Smithsonian," Dr. Smith boasts.

Unique Specimens

The mineralogy exhibit contains some of the most unique specimens in existence, Dr. Smith reports. He is also very proud of a geological exhibit which will be ready Saturday "if time permits," and runs the gamut for rockhounds from igneous to metamorphic to sedimentary.

While the museum will be open Saturday, the formal dedication will not be held until March according to present plans. The local camera club will use the auditorium the evening before opening day with a Friday session.

Facilities

Included in the main floor improvements is a new window alcove display space on Tahquitz McCallum. The improved main exhibit space also contains storage and working space behind partitions but Dr. Smith hopes to keep moving it back until very little — or even, no — storage space is available in the main exhibit room.

The new addition on the second floor contains storage and working space, offices, laboratory, a library, a board room and exhibit hall.

Costing \$160,000, the theatre is to be named the Marcuse Auditorium for the donor whose contributions financed the construction, the late Mrs. A. J. Marcuse. It is fully air conditioned, and especially valuable for Museum programs of films and other events.

Little Brown House

While new construction is going on all around the museum area, the immediate corner of Tahquitz and Indian is going through a different process. The little brown house which was the home of Palm Springs pioneer Miss Cornelia B. White is being restored. It will be used by the Palm Springs Historical Society to house early-day pictures, exhibits and offices.

Miss White was the owner of the property site and gave it to the museum in 1947. A \$200,000 museum was built and opened in 1958 even as Miss White retained the residential rights to the cottage. Now that she has passed on the whole corner belongs to the ages.

Classic, and last year's winner, Billy Maxwell, for top honors in the \$50,000 tournament.

A welcome addition to any tourney, Snead is a threat to the leaders. In 1961, through the American Golf Classic, he played in 11 tournaments, winning two and placing second in two more, and was in the money in all 11 events.

A member of the Wilson Sporting Goods staff for many years, and their most illustrious golfer, Snead is a real gallery favorite. Snead is one of the game's most colorful figures and one of the most colorful exponents.

Kekkonen Still Head Of Finland

HELSINKI (UPI) — President Urho Kekkonen, who went to Moscow to save Finland's neutrality, won a clear victory today in his bid for a second six-year term in office.

Finns appeared to have given him a mandate to continue steering clear of the East-West cold war. Two days of voting which ended Tuesday, brought out nearly 2.1 million voters—80 per cent of the electorate.

Unofficial returns gave Kekkonen's Election League coalition 935,273 votes or 45.1 per cent; Communist Paavo Aitto 423,242 or 20.3 per cent; Social Democrat Rafael Paasio 274,095 or 13.1 per cent; and leftist Social Democrat Emil Skog 62,393 or 3.1 per cent of the votes.

This assured Kekkonen of 145 electoral votes, with another 50 expected to come from parties which support the president unofficially and put up no candidates of their own. It takes 151 to get elected.

Social Democratic Secretary Kaarlo Pitsinki called the record balloting "a note election."

He was referring to the Soviet note of Oct. 30, which threatened to compromise Finland's neutrality.

Find Phones Behind Rock

Palm Springs police officer James Glauser made a phone connection Tuesday without any wires.

Glauser spotted two complete telephone units and four payphone coin boxes behind a large rock where Highway 111 is divided north of Palm Springs. He called detective division officer Neal Green, who inventoried the find with him.

Telephone companies have been notified of the find. Condition of the equipment indicated a prolonged deposit in the desert area, Green reported.

President Asks Army Shake-Up

WASHINGTON (UPI) — President Kennedy has asked Congress to approve a far-reaching command reorganization program designed to speed up operations in the country's million-man Army.

The program will virtually eliminate the Army's technical services, including such historic offices as the quartermaster general, chief of Ordnance and the chief of the Chemical Corps, and will create two new commands with sweeping powers like those of the Air Force's Strategic Air Command.

Under terms of the National Security Act of 1947, the proposals

Nab Eight On Liquor Burglary

Six teenage juvenile boys and two other young men were arrested here early today on suspicion of a \$150 liquor burglary.

Victor Lee Zaragoza, 24, and Mike Denny Gregg, 19, both residents of a Cathedral City hotel, were arrested with six juveniles from Cathedral City and Palm Springs between 1 a.m. and 2 a.m. today on suspicion of burglarizing the Joseph Peskin residence at 1213 Verbena Drive.

The Peskin residence was entered sometime between Dec. 26 and Jan. 12, when intruders pried open a window. Fifteen to 17 bottles of liquor were taken, Peskin said.

Instructor Director Heads for Conference

Mrs. Mary Mitchell, past president of the California Association for Supervision and Curriculum Development, and director of instruction for the Palm Springs Unified School District, will be attending the winter conference of the southern section in San Diego on Jan. 19-20. Mrs. Marjorie Harnage, teacher assistant in curriculum, will accompany Mrs. Mitchell.

Theme of the conference is "A Step Beyond." Outstanding speakers in the fields of international affairs, medicine, labor, national affairs, and education will take a look at our changing world for the ten years ahead.

Steve Allen, composer, author, motion picture star and TV personality, will speak on "National Affairs and World Peace." Allen, noted for his numerous talents, won the Peabody Award for his comedy show of the year in 1959. Although comedy is one of his

interests, Steve Allen is a man who finds the need to express himself of his serious thoughts through writing and public speaking.

Dr. John H. Furbay, internationally known lecturer, author and world air commuter will address the CASCD group on the topic, "Air Age Concepts and the International Scene." Furbay, recently awarded a Brewer Trophy, the aviation "Oscar" for outstanding service in advancing the air age concept, is Director of TWA's global program of Culture and Education.

John Quimby, Secretary-Treasurer of the San Diego County Labor Council and member of the International Affairs Labor Coordinating Committee, will speak on "Labor Trends in the Next Decade."

Dr. Clifford Graves, a fellow of the American College of Surgeons, will explore "Developments in Medicine and Future Break-throughs."

Actor Vincent Price Set For Community Forum Talk

Versatile is the word for Vincent Price, next speaker on the Community Forum Series at the Palm Springs High School auditorium on Thursday, Feb. 1, at 8 p.m.

Known for his quiet authority as critic, connoisseur and collector of fine art as well as for his frequent appearances in motion pictures and on top television dramatic shows, Mr. Price is a man talented in many fields.

His program for Palm Springs will be "Three America Voices," a rich and varied dramatic entertainment from the works of three great American artists—a poet, a painter and a playwright, whose unique artistic visions electrified the world.

Selections from Walt Whitman's monumental "Leaves of Grass," excerpts from James A. McNeill Whistler's provocative essays, "The Gentle Art of Making Enemies," and a brilliant portrayal of a one-man version of "The Last of My Solid Gold Watches" by Tennessee Williams, will comprise the presentation.

Sponsored by the Jewish Community Center, tickets are available at the Center office, Grone's Shoe Store and the Chamber of Commerce.

CATHEDRAL CITY

Party Honors Couple United in Yuma Rites

Sunday evening Mr. and Mrs. Levan Saeger were hosts at a cocktail party honoring Mr. and Mrs. Hal C. Moore, who were married in Yuma Ariz., Dec. 22. Moore, who has been a Cathedral City winter resident since retiring from the Nelson-Moore Company in San Diego, has been an outstanding sportsman for the last 40 years in hunting as well as holding the San Diego Marlin Club fishing record for 26 years. His affiliations are past president of Executive Association of San Diego, Marlin Club of that city, San Diego Fish and Game and director of many other organizations.

Mrs. Moore, the former Mrs. William W. Foss, made her home in Studio City for the past 23 years, where her husband passed away two years ago. She has been active in club work in the Southland for more than 20 years, both social and charitable, in the Assistance League of Southern California, and Opera Guild of Southern California, member of World Affairs Council of Los Angeles and many others. The Moores plan on dividing their time between Cathedral City and Studio City and are looking forward to a motor trip through the United States and Canada later in the spring.

Among the guests at the Desert Lodge are annual visitors Miss Viola Smith and sister and Mr. and Mrs. Walter Murray of Los Angeles, who are visiting friends in the area. Mr. and Mrs. E. E. Teach flew out from Painted Post, N. Y., where he is General Manager of Ingersoll-Rand, to spend the Christmas holidays with her brother and family, the Bob Hollisters. Joining the family for Christmas weekend were her sisters and families, Mr. and Mrs. John Sosoka and children, Ricky, Kathy, and Karen from Glendora and Mr. and Mrs. John Howell and Jack, Terry and Royann from West Covina. Also her aunt, Mrs. Ralph Harbaugh of Bellflower, and her parents, Mr. and Mrs. L. R. Trezona, of Palm Springs. The Hollisters and their houseguests spent New Year's Eve with the Howells in West Covina and attended the Rose Parade New Year's Day. Mr. and Mrs. Teach left via jet Wednesday for New York.

Holiday houseguests of Mrs. Bertha Butler and her sister, former Stockton resident Mrs. Clare Murphy, were their niece and nephew, Mr. and Mrs. Jay (Ann) Ross of Oakland and their brother and wife, Mr. and Mrs. John Willinger of Modesto.

Mrs. Virginia C. Smith, who spent the holidays with her sister and family, Mr. and Mrs. Jessie Carmak, in Santa Monica, had just returned from an interesting three week air tour. The first stop of the pre-holiday Sita tour was Egypt where she spent a week visiting in Cairo and other points of interest. Then to Beirut, Lebanon, Damascus in Syria and Tel Aviv and Jerusalem, Athens, Greece, was the last point of interest before flying to Denmark and then over the Polar Route to the States.

Joining Mr. and Mrs. Claud Cobb and her sister Mrs. Clara Brabham, for the holidays were their niece and husband, Mr. and Mrs. A. B. Richards of Temple City and another niece Mary Ellen Stockall from Los Angeles.

John Michael Hayes and Mr. Mr. and Mrs. R. H. Sefton returned Wednesday from San Fernando Valley where they spent the holidays visiting with friends.

Mr. and Mrs. R. V. Innes arrived Wednesday from their home in Redwood City to spend a month at the Desert Villa.

For Christmas and vacation week Mr. and Mrs. Harold Bentley and daughter, Carol, were at the home of his mother, Mrs. Marie Bentley, in Eagle Rock. Carol spent the New Year weekend with Rene Germain and her parents in Redlands.

En route from a visit in Phoenix to her home in Lakewood, Mrs. Kitty Tiner enjoyed the New Year weekend with her sister and brother-in-law, Mr. and Mrs. Don Veitch. Mid-week guests at the Veitch home were another sister and husband, Mr. and Mrs. Harry Willis, who were returning from San Francisco to their home in Sun City, Ariz. Mr. and Mrs. Jim Morris of Sebastopol, have taken an apartment at the Don Veitch on 1st Street.

DEATH OF NATION

The Twist Must Go, Subject of Crusade

By HARRY FERGUSON
LONDON (UPI) — This correspondent, just back from the United States, has embarked upon a crusade. The twist must go.
No nation can survive it. America is on the road to becoming a country of walking wounded. Slipped disks and wrenched knees will supplant the common cold as the most universal ailment. This crusade was born out of bitterness and pain. Both will be redoubled when the doctor's bill arrives.
Well, it was at a New Year's Eve party in the United States. A lovely lady, with a strong aroma of champagne running in interference for her, suddenly walked up to this correspondent and said "Let's dance." The music was a sedate two-step variation of "Tea For Two" and her suggestion seemed both harmless and hospitable.
How was one to know that behind her smiling mask there lurked a swivel-hipped Mata Hari coldly plotting to cripple the male population of the United States, a wily Delilah determined to trim the hair of every Samson in the joint?

Twist Takes Over
We had circled the floor only once to "Tea For Two" when the music stopped. When it resumed, it sounded as though all the department store shelves had collapsed in the pots and pans department. Sweet melody fled from our midst, violins succumbed to the drums. All the dancers seemed to have been overtaken "Hey, hey, it's the twist," shouted Mata Hari. "Get with it," simultaneously by epileptic seizures.
Before you can get with it you have to ascertain what it is you are supposed to get with, so this correspondent took two discreet steps backward to observe and learn from Mata Hari. It was a fearsome sight. Her eyes were half closed and her feet seemed rooted to the floor. Her arms

were aloft, hands waving. There was a slight movement of the knees but this was entirely subordinate to the violent agitation of the hips. She was moving them in a fast, flat arc that seemed to impose an intolerable work load on tendons and ligaments.
"Get with it," she commanded, and your correspondent, like the Light Brigade, went gallantly into the valley of death.
There was a sharp stab of pain in the right knee. Then the lower spinal column flashed an urgent SOS to the brain to cease and desist. Your correspondent slunk to the sidelines.
"The twist," explained Dr. James Cyriax sympathetically "involves radiating the trunk on the pelvis or the pelvis on the trunk while the spinal joints are bent backward or forward. These joints are not very strong since they contain cartilage liable to damage and consequent displacement. The doctors will reap a rich harvest so long as this dance continues to be practiced."
O, America, land of my birth, beautiful for spacious skies and amber waves of grain, come back to the pathway of reason and the old fashioned waltz. Stop twisting long enough to heed the ancient and awesome admonition engraved on the sun dial: "It is later than you think."

PUC Resets Telephone Hearings

Further hearings on the quality of service provided in the area formerly served by the Coachella Valley Telephone Company have been reset by the California Public Utilities Commission from Jan. 24 and 25 to Feb. 14 and 15.
The postponement was granted at the request of the California Water & Telephone Company, which recently acquired Coachella because of a conflict in dates involving other official matters.
Commissioner Peter E. Mitchell, assisted by PUC Examiner Stewart C. Warner, will preside at the rescheduled hearings in the Indio City Hall.
California Water & Telephone Company now provides service to some 9,000 former Coachella Valley Telephone subscribers in Coachella, Eagle Mountain, Indio, La Quinta, Mecca, Oasis, Palm Desert, Thermal and Thousand Palms in Riverside County, and Desert Shores and Salton City in Imperial County.

Littler Cops 'U.S.A. Golf Champions' Tourney

Fires 2-Under Par 70 To Collect \$10,000

Gene Littler was crowned U.S.A. Golf Champion yesterday at La Quinta Country Club as he carded a 2-under par 70 to collect \$10,000 first place prize in an 18-hole All-Star series.

Littler, the U. S. Open champion, bested Gary Player, Masters titlist, who won \$6,000, by one stroke in winning the title and the bag of riches. The two other champions playing in the head-to-head 18-hole medal play, Jerry Barber, PGA title holder and Jack Nicklaus, former U. S. amateur champ fell off the pace and were over par for the day.

Barber Has Trouble

Barber, who encountered troubles on the plush La Quinta course finished four strokes over par with a 76. Nicklaus, who recently joined the PGA tour carded a 74 for third place money of \$4,000. Barber collected \$2,000 for his day's play.

The U.S.A. Golf Champ held a one stroke advantage when the foursome made the turn on the back nine. Littler put together three birdies in four holes on the front nine to card a 34. Player was only one stroke off the pace at the end of the first nine holes, but misfortune came down on the South African golfer as his tee shot went out of bounds on the 13th hole penalizing him two strokes. He had to settle for a double boggie seven on the hole which was claimed by the 2,000 fans following the game golfers as the turning point of the match.

Going into the 17th hole, Nicklaus and Player were tied for second place two strokes behind Littler. The ex-amateur's tee shot sailed down the fairway 280 yards leaving him a clear shot to the green. He hit an approach shot and left himself an 85-foot putt from the edge of the green. Nicklaus three-putted for a boggie five to drop back one stroke behind the Masters champion.

Hits From Lake

For the golfing fans who followed the champions throughout the day, the most spectacular golf shot of the match was after Barber's tee shot rolled into the water on the edge of the lake at the 18th fairway, the little playmaker slipped off his shoes and socks, rolled up his pants and stood in over a foot of water for his second shot. Barber came splashing out with a beautiful recovery shot that sailed down the fairway over a 100 yards.

After watching a performance such as Barber had just exhibited with his golf shot out of the lake, little doubt was left in the thoughts of the 2,000 fans who had watched the play that these four golfers selected for match were true champions.

At the close of the match the four champions who were vying for the title of "U.S.A. Golf Champion" were presented prize money which had been raised to \$22,000. Jimmy Demaret was the narrator for the All-Star Golf match which will be shown nationally on TV March 13.

Laurye's Win Again

In City League Basketball action at the high school gym, Laurye's clipped J.C.'s, 48-43 in a close contest and Smoke Tree slipped by Bonnie Electric, 49-43. Laurye's victory was sparked by Don Aikens who flipped in 22 tallies as his teammate Dean Henderson scored 13 points in the winning cause.

Jack Oberle led the attack for the losing J.C. five as he registered 14 markers. Dick Hill was second high with eight points.

Smoke Tree, paced by Jerry Johnson who hit for 10 points and D. D. Hines hitting for the same, jumped to an early lead in the first stanza.

For the Bonnie Electric courtmen, Wes Walton took team honors with a total of 12 tallies. Terry Morris hit for eight from the field to be second high man for the losers.

Duren Back To Bullpen

LOS ANGELES (UPI) — Ryne Duren, once the scourge of the American League as a relief pitcher, will go back to the bullpen for the Los Angeles Angels in 1962.

That was the decision announced Monday by Angel manager Bill Rigney, who gave the near-sighted Ryne a chance at a starting job in 1961. Duren, despite one brilliant win over the New York Yankees, couldn't break even as a starter.

"My present thinking is to have Duren back in the bullpen along with Tom Morgan and Art Fowler," said Rigney. He said it was too early to pinpoint his starters, but indicated three probably would be Ken McBride, Eli Grba and Ted Bowsfield.

There will be 20 pitchers in the Angel camp, including former ace of Pittsburgh, George Witt.

SWEET REVENGE

Indians Thump Cougars, 61-39

BEAUMONT — Revenge was sweet last night as Tyrone Taylor and his fellow Indians pulled out all stops and clobbered the Beaumont Cougars, 61-39.

Taylor, the Tribe's ace shot-maker, sparked the Indians' non-league victory with a 26 point bombardment on the nets as his two teammates, Gus Walton and Mark Edwards also scored in double figures with 10 and 12 tallies respectively.

Earlier in the season, the Beaumont Cougars edged the Indians, 56-54, but last night it was a different story as Coach George Herizkes' Tribemen found the range early and jumped to a 17-4 lead in the first stanza.

The winning Indians added 16 more in the second quarter and were leading 33-16 at intermission time. In the third period, the big five for the Indians exploded for 18 markers which gave them a 27-point lead going into the final period.

Taylor hit for 12 during the first half and collected 14 in the second half of play. It was his second high for the season, as he hit a career high against Indio when he dipped in 30 tallies.

The Cougars hit only 12 field goals during the contest, going 15-for-27 at the free throw lane. The Tribemen hit only seven out of 18 attempts from the charity lane, but zipped home 27 buckets from the field.

Red Roofing blanketed Brookside, 4-0; Sanders Roofing defeated Bali Hai, 3-1 and South Shell knocked off Desert Auto Glass, 3-1. High team series went to South Shell with a total of 2,851.

Two O'Donnell Golfers Lead in Desert Seniors

Two local golfers, Dan Gilbert and Tom Lowry, of O'Donnell GC are leading the field in the Palm Springs Desert Seniors Golf Association's 54-hole best-ball two-some tournament after 18 holes of play at O'Donnell.

Playing their home course, the pair carded a 27-27-55 to give them a two stroke lead over the runner-up team of J. A. Cuddihy, La Jolla and E. Ken Todd, Rockford, Ill.

Five teams are grouped at 58 to be three strokes off the pace. They are:

Mel Kem, Joe Stedem, O'Donnell GC; Harold Hicks, Ed Nelson, Thunderbird CC; Maynard Laswell, New York, Ed Miller, Woodland Hills; R. H. Guelich Buffalo, N.Y.; Rod DeLange, Wilshire and Ray Ellis, Annandale, Walker Smith, Thunderbird CC; Al Beckman, Indian Wells, C. S. Besemyer, O'Donnell and Tom Haley, O'Donnell, George Sperry, Oakmont.

The best 18 hole score was carded by Guelich who played the course in 69 gross and Gilbert who posted a 72.

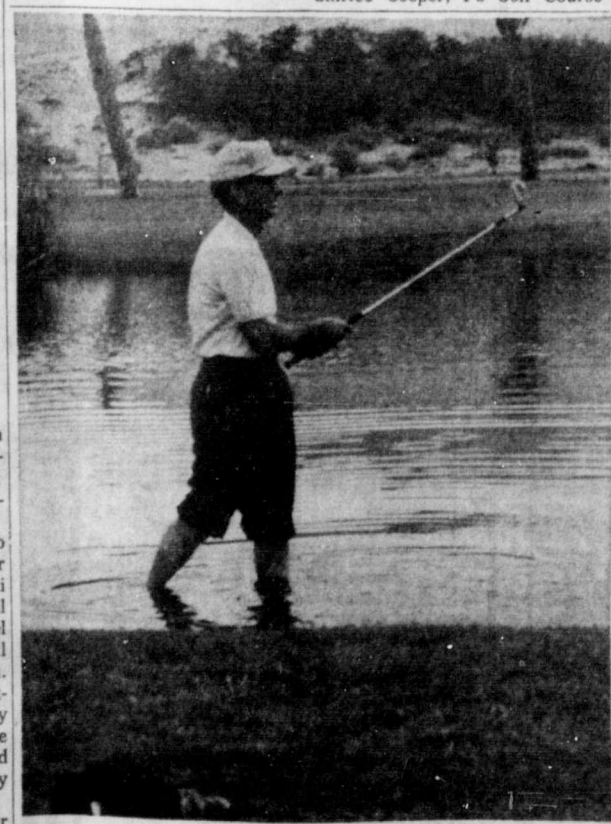

Play moved today to the Tamarisk Country Club and will switch to Thunderbird Country Club tomorrow. The tourney will be capped with an award dinner at Thunderbird Thursday evening.

Next in line are the teams with scores of 60: Tony Procopio, La Jolla CC, S. B. Robinson, Navy GC; H. W. SUSPENDS JOCKEY

Crosby Golf Tournament to Start Thursday

PEBBLE BEACH, Calif. (UPI)—The first round of the \$50,000 Bing Crosby National Pro-amateur golf tournament, third stop on the rich winter tour, gets under way Thursday.

Most of the players have been here for two days testing out the fairways and greens at Pebble Beach, Cypress Point and Monterey Country Club.

But many of them are working on their powers of concentration—an important added ingredient necessary to win this event.

The distractions, aside from the fairways, include deer on the fairways, seals in the adjoining waters, beautiful girls—and the world's greatest comedians.

Bob Rosburg, the pudgy ex-Stanford athlete now playing out of Portland, Ore., is the defending

champion. He is paired with TV western star Jim Garner. At least he's got a chance to keep a straight face during his action.

But consider some of the others. Jimmy Demaret draws his usual partner, Bob Hope. Gary Player, leading money-winner on the tour last year, won't get too much help from Tennessee Fie Ford, although the laughs may boost his morale.

Ken Venturi could get some assistance from Dean Martin, if he can get the comedian-singer to go into training. So far this has proved an impossible task.

All of these amateurs like to converse with the crowd, which often numbers well up in the thousands for each foursome.

The Demaret-Hope, Player-Ford foursome, for instance, probably

will attract more attention than any other group, even if it is far out of contention.

Some of the other top golf stars get better athletic talent. Billy Casper will be playing with big Bob Reynolds, one-time grinder, now president of the Los Angeles Angels. Tom Nipote plays with singer Gordon MacRae. Art Wall draws manager Alvin Dark of the San Francisco Giants—a very fine golfer with an eight handicap.

Two of Bing's sons will be playing—Lindsay with Walter Burkemo and Philip with Lionel Hebert. Jimmy Thomson plays with Fred MacMurray and Jim Ferrier draws ex-all-American Ernie Nevers.

Other non-golf stars playing include such men as Duffy Daugherty, coach of Michigan State; in-

fielder Jim Davenport of the San Francisco Giants; outfielder Jackie Jensen of the Boston Red Sox; outfielder Albie Pearson Los Angeles Angels.

Gen. Bernard Schriever, who has a seven handicap; manager Fred Hutchinson of the Cincinnati Reds and general manager Paul Richards of Houston; end Del Shofner of the New York Football Giants; Johnny Weissmuller, Adm. H. E. Yager; and former lightweight boxing champion Jimmy McClarnin, who will be in the same foursome with coach Red Hickey of the San Francisco Forty Niners.

The weather forecast is for freezing temperatures in the morning, with the thermometer going up to around the 60 mark during the day.

School Bond Proposal Backed

PALM DESERT — The chamber of commerce here Tuesday backed a proposed \$1,500,000 school bond to be placed before the electorate of the Indio Elementary school district in a special election Feb. 13.

The chamber made the resolution approving of the bond issue after hearing a report at its regular meeting from Rex Johnson, superintendent of schools for the district.

The bond election is being called "to provide money to buy school sites and build school buildings," according to a question-and-answer information sheet prepared by the district. It is also being requested in order to qualify for \$1,000,000 in state aid for school building, the information sheet contends.

According to the proposal, the state aid is necessary because the enrollment in the school district is growing faster than bond money can build the schools.

If the bond bid Feb. 13 achieves a two-thirds majority vote in the district, the bonded indebtedness of the district will reach five percent of the assessed valuation and will thus be eligible for the additional state aid of \$1,000,000.

"It is estimated that the \$1,500,000 bond issue will keep the district eligible for state aid for five years until 1967," according to the information sheet.

State funds were used to build the Palm Desert school, according to the district, as well as the Hoover and Jackson schools. It points out that the district will have 5,078 students in 1967, based on the average growth since 1955.

Voting stations for the election have been set up at the Palm Desert school for Indian Wells and Palm Desert precincts, Roosevelt School in North Indio, Andrew Jackson School in Indio, Herbert Hoover School and C. V. Recreation District building in Indio Heights, and the U.S. Post Office building in La Quinta.

Salary Hike Vote Gets Board Delay

Support of an Assembly bill which would require increases in salaries of some county officials to be approved by a vote of the people has been advocated by Supervisor William Jones, but after some discussion, he agreed to postpone a vote on support of the bill for two weeks.

Jones agreed to the postponement when it became evident that there would be three votes against it. Supervisor George Berkey said emphatically, "I don't believe in the principle. I'm ready to vote no." Supervisor Paul Anderson said the bill was only in interim study and was not yet definite enough in form for action. Supervisor Norman Davis said he didn't know enough about it and would have to vote against it if it came to a vote before he had a chance to study it.

The officials whose salaries would be decided by the people are those of the supervisors, county auditor and district attorney. The decision for increases for these officials is now determined by the state legislature, usually influenced by recommendations of the Grand Jury and the board of supervisors.

Inspection of Police Slated

Chin up, chest out, and snappy uniforms — which are all the order of 365 days a year in the Palm Springs police force — will be formally noted sometime this week, during the annual inspection.

Capt. Orest Johnson, departmental executive officer, said final details of the inspection aren't complete, but will emphasize personal appearance and equipment.

Vehicles will also be inspected, Capt. Johnson said. Inspection results will become part of the officers personnel files.

MEET POSTPONED

Edgar L. McCoubrey, secretary-treasurer of the Desert Water Agency, said today that the regular January meeting of the organization had been postponed until further notice.

Thirteen major divisions of competition are offered at the Riverside County Fair and National Date Festival at Indio which runs for 10 days—Feb. 16 through 25.

New Yorkers in Desert Visit

Mr. and Mrs. Fred Stutz and their two children of New York City are visiting the Lyle Coopers at Braemar. Mr. Stutz has been in the U.S. diplomatic service at Morocco and recently transferred to the Sudan and expects to leave in two weeks for his new assignment.

Six tables of Braemar ladies gathered on Tuesday at the new lounge where luncheon was served and the afternoon spent playing bridge and canasta. Hostesses were Irma Anderson and Ann Graves. Following the card playing a business meeting was held for directing the hit, "The Facts of Life," which starred Bob Hope and Lucille Ball. The three sons of the Franks remained in school in London. Frank is slated to direct a new picture having Palm Springs as its setting soon.

Mrs. Harold Parks and Mrs. Wm. H. St. Clair together with Mr. and Mrs. Fred Wines attended church last Sunday at the Palm Desert Community church. In the audience were former President and Mrs. Eisenhower.

Mrs. Myron Glass of Cleveland, Ohio, arrived Wednesday for the winter season opening their apartment in Circle Serene. Her husband followed a few days later.

Mr. and Mrs. Walter Nye of Chicago are occupying the William Arnold apartment for a brief vacation. Close friend of Arnold's, Nye is a manufacturers agent in the housewares line. Their home in Chicago is one of the nation's larger cooperative dwellings, having 269 units. Nye is flying home shortly not at all pleased with the report of 18 inches of snow in Chicago. Mrs. Nye will linger a few days.

The John Kennelleys of Fargo, N. D., will arrive this week after visiting with son and daughter in Tucson, Ariz.

Former commissioner and Mrs. Hal Bennett of Salt Lake City, Utah were guests of the Pat Pages. The Pages formerly lived in Salt Lake.

The Roger Neals has as guests the Earl Wentworths of San Clemente where he formerly conducted a real estate and insurance business.

The John T. Careys here arrive.

Mr. and Mrs. Mel Frank of Hollywood are making a brief visit to their Braemar apartment, coming direct from London, England, where he has directed "The Road to Hongkong," the latest vehicle of Bob Hope and Bing Crosby. Mr. Frank will be remembered for directing the hit, "The Facts of Life," which starred Bob Hope and Lucille Ball. The three sons of the Franks remained in school in London. Frank is slated to direct a new picture having Palm Springs as its setting soon.

Dates of the 1962 Riverside County Fair and National Date Festival at Indio are Feb. 16 through 25.

Civilians Will Probe the Military

WASHINGTON (UPI) — Defense Secretary Robert S. McNamara has appointed a committee of prominent Americans to study the Pentagon's troop education program and propose improvements.

He acted in advance of a Senate investigation of alleged "muzzling" of military men, the Defense Department's programs for educating troops, and the participation of military men in seminars on cold war problems.

The new study group will be headed by Karl R. Bendetsen, president of the Champion Paper Co. and former Army undersecretary. Named the Advisory Committee on Nonmilitary Instruction, it will hold its first meeting here Jan. 20.

Sen. John C. Stennis, D-Miss., chairman of a special Senate subcommittee, will open hearings three days later on the "muzzling" charges aired by Sen. Strom Thurmond, D-S.C., and others.

Thurmond, informed of McNamara's action, called it a "standard bureaucratic response to publicized revelations of shortcomings." He is a member of the investigating group.

Thurmond, asserting that "the time for positive action in this area is already late," said there was plenty of time for study since the end of the Korean War. He said recommendations made then never were implemented.

"Instead," Thurmond said, "in the past year the troop indoctrina-

tion and education programs have been diluted by actions of the department which serve to de-emphasize training troops about the enemy, which poses such a real and total threat to our country."

McNamara told members of the study group in a letter that the training of troops was a "vital element in our national defense."

VOLATILE AND GAY is the mood invoked by these two dancers, Diane Hiatt and Julianna Sadkowsky, who will be seen in the Childrens Theatre of America presentation of the American Opera Company, to be presented in the Palm Springs High School auditorium on Jan. 27 at 2:30 p.m. under the auspices of the Playhouse Guild.

Ballet Company to Perform Here

When the American Concert Ballet Company, Children's Theatre of America presentation, makes a stop locally in Palm Springs under the auspices of Palm Springs Playhouse Guild on Jan. 27, 2:30 p.m. in Palm Springs High School auditorium it will mean a group of over 20 people involved in the special dance matinee for young people of all ages. Only 15 will be seen by the audience while the rest will be busy backstage working the technical side of the program. The American Concert Ballet carries over 75 costumes and 50 pairs of shoes for the program which is just over an hour long. The costumes all must be pressed and checked for any damages from travel or the last performance. This operation requires two people. They later double as dressers for the dancers during split second changes to some of the intricate maneuvers created by choreographer Gene Marinaccio. Special lighting equipment will come along and stage manager John Searcy will make one of his "miracles" come off with the lighting effects demanded for the

When he sends one of "five minutes" to the dancers, he'll breathe a sigh of relief and me'll breathe a sigh of relief and start lowering the house lights for the relaxed part of his working day. NEW YORK (UPI) — Children born today will be forced to rely more on each other than on adults for working out many of life's problems. Dr. Hugh Gerthorn Morgan reports.

The director of the Institute for Child Study, University of Maryland, also told the New York State Council for Children that even now children learn more from each other than grownups ever can hope to teach them.

First customer in the new Desert Sun building (come out toward the canyon to where Indian and Palm Canyon make a "Y" and that big new building, toward the mountains, where the bulldozers are still doing things to the parking lot, is where the Sun rises and sets) was Publicist Joe Glas-ton.

He came bringing news . . . naturally. He wanted to tell me about the mystery up at RimRocks, where reservations suddenly started pouring in for April 2. Now, that's not only a long way off, it happens to be a Monday night and it really had Milt Kreis so curious that he started an investigation.

What he found out was that April 2 is the date set for the "historic inaugural meeting" (those are Joe's words), between the L.A. Angels and Dodgers in the Angels' training camp at the polo grounds here, and they're baseball fans making the reservations.

Getting into the mood of the

thing, Milt is planning an Angel-Dodger Night at Rim Rocks following the game.

He's found out that the top brass of both clubs are worrying about the limited capacity of the Polo Grounds, so now Milt's beginning to worry that maybe RimRocks won't hold the dinner crowd that night.

Oh, well, that's baseball for you . . . sometimes you're pitched a curve.

The Harold Becks have returned home from New York, where they spent the holidays with their son Robert and his wife Mary Ann and their year-old grandchild Matthew.

The Becks' other son William, who is in the service and stationed at Fort Belvoir, joined them there for a family reunion and a happy holiday time.

On their way home, the Becks stopped off in Centerville, Iowa to visit his father J. M. Beck, who will be coming out to Palm

Springs next week to spend the rest of the winter.

The Becks hosted a group of friends at the Ranch Club brunch, having as their guests Dr. and Mrs. James Tucker of Oceanside, the J. W. Tetleys of San Diego and Diana Dale of Palm Springs.

The Palette Club members have been hard at work on the murals in the Nurses' home, which is nearing completion. So near, in fact, that they will be unveiling it at a Sunday afternoon tea for members of the Women's Auxiliary of Desert Hospital, the staff and guests.

John Robert Powers, one of those few men who manage to become legendary in their own lifetime, was here for the opening of the Palm Springs Powers School's smart new salon in the Welman Building.

He has devoted 40 years to beautifying womankind and Powers model has become synonymous with beauty. It's interesting to find out that during all these years he has encouraged women to try for the natural look, which he considers true beauty. That's what he told me.

Decorator Lou Sawyer and manager Helen Schulte were being much complimented on the femininity of the decor in the new salon, which impressed even "He Man" Gus Kettmann.

The women present were intrigued with the fascinating circular make-up bar, where a class can be given instruction in the proper application of creams and powders, lipstick, eye shadow and eyebrow pencils.

Something new out at Thunderbird is the Oyster Bar (served with crackers and a variety of sauces) that is a Friday night feature. The Club has nightly dancing now to the music of Pat Barbara's orchestra.

Duplicate Bridge

The regular weekly meeting of the Desert Duplicate Bridge Club at the Pavilion had 15 tables in play, and split into two sections, using the Mitchell movement. The following were the winners:

Section A
North-South: First, Dr. P. Bern- sein and Mr. Myron Zobel; 2nd, Mr. and Mrs. C.D. Pratt; 3rd, Mrs. E. H. Daugherty and Ted Hubbard

Section B
North-South: First, Mr. and Mrs. Forrest Ruple; 2nd, Mrs. R. B. Erickson and Lee Lattin; 3rd, Mrs. Lea Worth and David Garthwaite.

Section C
North-South: First, Mrs. J. Bar- ington and Mrs. M. B. Graves; 2nd, Mrs. Edith Chalfont and Mrs. Naomi Rossen; 3rd, Mr. and Mrs. Dale Campbell.

Mrs. Elser Gives Luncheon Party

Guests gathered first for champagne cocktails at her Tamarisk Road home, when Mrs. Elaine Childs Elser gave another in a series of small luncheon parties. In the group which went on to luncheon at the Palm Springs Riviera, were Mes. Frank Russell Payne, William Anderson, W. D. McNary, Dora Clark, Collis Steere, Alfred Fiske, Ronald Ellis and Edward Kelly.

TV in Review

NEW YORK (UPI) — With three years to go for the Civil War centennial, can it be that TV already has used up the supply of war photos?

"Lee, the Virginian" covered familiar ground—this time with Gen. Robert E. Lee's career as the focal point—without the customary tumble and flash of pictures by the dozens. Nevertheless, Gen. Lee, a reverent, faithful, dutiful, gentle man, was honored with a reverent, faithful, dutiful, gentle program.

Written and produced by John McGuffert and narrated by Thomas Mitchell—can it be they've also used up the supply of Alexander Scourby?—"Lee, the Virginian," was presented Monday night as the latest in the long line of attention-holding creations from Donald Hyatt's special projects team at NBC-TV.

Like most Hyatt programs, this one also relied upon the still-in-action technique for its propulsion. But Monday night's half-hour seemed to take a more relaxed approach. It made do with a relatively smaller stack of pictures. If they have, in fact, started to scrape the bottom of Matthew Brady's picture barrel, may I suggest they use more contemporary line drawings and paintings of Civil War themes and battles?

The battles of Fredericksburg, Chancellorsville, Gettysburg and Richmond were glossed over with a minimum of photos and no drawings. Or perhaps this was deliberate, an attempt to match the tranquil script with visuals that supported romance and an air of detached gentility.

The program was concerned with Lee's decision to "abide the fortunes and share the fate" of his fellow Virginians, his early frustrations under Jeff Davis, his reliance upon Stonewall Jackson, his victories and defeats, family

Outdoor Art Mart in Display on Weekends

By GENE JOHNSON

One of the features of unique Palm Springs is the outdoor art exhibits held each weekend by the Desert Art Center. Passers-by are intrigued by the quaintness and beauty of the paintings on display in the brilliant sunshine of the desert.

Each weekend for the past 10 the Center's 150-plus members have taken turns in the display of their work. Since the inception of the Outdoor Art Mart as it is called, the displays have been seen in four different locations including the present one on Ramon Canyon Drive and Indian Avenue.

Earlier sites have included the Village Green, the Desert Inn and the Center.

Royal Arch Masons Set Installation

The annual installation of Desert Chapter No. 150, Royal Arch Masons, will be held at the Masonic Temple, 1006 E. Ramon Road, at 8 p.m. Saturday.

This will be an open meeting to the public who are cordially invited to attend.

Roy R. Miller, Banning, will be installed as high priest; Newland DeVault, Banning, as king-elect; and G. W. Steil, Twenty-nine Palms as scribe-elect.

Other elective officers include Dr. James Scott, treasurer; Frederick Morrison, secretary; William Scharf, chaplain; Peter B. Lavery, captain of the host; Ernest Duncan, principal sojourner; William J. Schwartz, Royal Arch captain; Donald B. Blood, master of third veil; Ruben L. Asplund, master of second veil; George H. Marshall, master of first veil; and George T. Meeks, sentinel.

Installing officers will be Excellent Companion William E. Rowe, deputy grand lecturer, Department I.R.A.M., a Knight of York Cross of Honor, Marshal will be Excellent Companion Forest Wheeler, past high priest, Capital Chapter No. 8, Casper, Wyo.; and Excellent Companion Jack C. Powers, past high priest, Riverside chapter, inspector for the 34th District.

Cecil T. Gordon, present high priest, will be host for the evening. Hostesses will be Vicki Biss, honored queen; Sheri Michel, senior princess; and Nancy Grier, junior princess of Jobs Daughters, Palm Springs.

Ushers will include Ron Weinstein, master counselor, and Carson Fleetwood, senior counselor, of Palm Springs Chapter DeMolay.

Riverside Commandery No. 28, under the direction of Commander Archie Long, will present the flag.

Segovia Music Planned For Community Concert

Plans for a membership campaign for next year and the program of attractions for the current season topped the agenda for a meeting of the Palm Springs Community Concerts Association at the home of Mrs. Donald Marx. John Sheldon, community concert association representative, headed discussions which centered around the Segovia concert set for March 13, 17 and 24.

This year's chairman of the exhibits is Palm Springs painter S. M. Fleischman, who is also treasurer of the Center. Each weekend — unless for the unlikely advent of rain — some eight to ten painters display their wares at the Mart.

"We probably draw between 400 and 500 people to the exhibits each weekend," Fleischman said Sunday, as a good crowd stood admiring the paintings at hand. "I'd say we probably average about a dozen sales each week," he said.

Founded in '50, The Center which was founded in 1950, boasts members from all over the world, with the majority, of course, centered around the Southern California area. Fleischman was the only one of eight painters on display over the past weekend who hails from Palm Springs.

Others included Wilton McCoy of Cathedral City, E. L. Forbes and Margaret Magnuson of Orange, Evelyn Naylor of Inglewood, Cy Young of Eagle Rock, Ruth Brady of San Diego and Elizabeth Brown of Baldwin Park.

Photographs of Kaeser Set for Display Jan. 20

"Desert Forms and Textures," photographs by Fritz Kaeser, will be on display in the Palm Springs Desert Museum beginning Jan. 20. An outstanding feature of Kaeser's photographs is clarity used for superb artistic effect, according to Dr. C. E. Smith, Museum director.

Kaeser studied art in college before taking up photography. He operated a studio in Madison, Wis., then went into the U.S. Army Ski Troops as photographer. He served overseas and was discharged in 1945 and then studied under Ansel Adams.

Phelan Award Judges Named

Three judges have been named for the 1962 James D. Phelan literature awards, the awards trustees announced.

Clay Putman, San Francisco State College; Frederick Bracher, Pomona College; and Thomas Parkinson, University of California, Berkeley, are the judges in the literature award competition for native born Californians.

The 27th annual competition, with three awards of \$1,000 offered for short stories, poetry, and historical narratives, is open to all native Californians between 20 and 40 years of age.

Applications and information may be obtained from 814 Grant Building, 95 Market St., San Francisco. The competition closes March 15.

Fred Del Toro was unanimously approved as the replacement for Frank Wiskowski and new board members were introduced. Members present included Mrs. Marx, Mrs. Claude Gottbehet, Mrs. William Barton, Mrs. Vahan Achian, Mrs. Ivan Barstow, Mrs. Earl Coffman, Sam Fleischman, Roy Hitchcock, Dr. James Blackstone, Jr., William Hesson and Bradley Davis.

THURSDAY, JAN. 18

GENERAL TENDENCIES: Every so often a day arrives when you can tune in on what is going on about you with real ease and good results. This is just such a day. So, take time out to be still for a little while and let your powerful perceptions come to the fore and tell you what you want to know. Expand interests connected with art, music, romance, charm, lofty amusements.

AQUARIUS (Birthdays from Jan. 21 to Feb. 19) — If there's some executive or higher-up who can give you the right advice that will help you to be more efficient, be sure you get in touch with him, or her, and then full speed ahead. Show gratitude.

PISCES (Birthdays from Feb. 20 to Mar. 20) — Now you can elevate your consciousness to greater things by cooperating with new acquaintances who understand you and will be cooperative and helpful to the nth degree. Then you can realize that greater success you have long dreamed about.

ARIES (Birthdays from Mar. 21 to Apr. 19) — Let your family know what your true financial condition is so that together you can plan future investments to increase abundance and security. Also, get bills paid on time. Let this be a happy and romantic evening.

TAURUS (Birthdays from Apr. 20 to May 20) — Discuss with associates how to better your business interests. Listen to advice concerning any personal or creative affairs, how best to get along with friends. You are apt to be too stubborn and somewhat unfeeling for others.

GEMINI (Birthdays from May 21 to June 21) — Work diligently, but take time to concentrate for awhile to get the hunches that will lead you to greater outlets to increase your affluence. If you evaluate your consciousness, much can be accomplished you had not dreamed of.

Our Skyline Due for a Change

Change is inevitable and the Palm Springs of tomorrow may bear little resemblance to the Palm Springs we know today — or we knew yesterday.

Long-accepted standards on traffic, parking, building heights, are due for drastic changes. We are growing so fast that the transition from the small-town status to a big city has caught most of us by surprise. We are reluctant to believe it. And that can cause many an argument.

Progress is wonderful and growth also is greeted with satisfaction, but both take their toll. The ranks of the long-time residents, the "old-timers" is thinning out but the residents who have come here in the past few years have inherited their beliefs. They know that this is no longer a village but they still take pleasure in referring to their city as a Village, with a capital V.

When Palm Springs was small, just a village with boundless space to expand, the first city council decreed that no building be more than 30 feet from ground level to peak of the roof. That was a smart law, then. City fathers of that day did not envision the growth that was to come. They wanted to keep the roof tops low so that the view of the surrounding desert and the mountains would not be blocked.

That is still a laudable aim but from an economic standpoint, apparently is outdated. When lots in the center of town sold for \$50 in the first days of the village, the 30-foot

height limit was probably justified — but not at today's quotations per front foot.

Palm Springs Board of Realtors has stepped into the situation. A committee has been appointed to examine the need for a revision of the old law. It seems certain that changes will be recommended. The committee is of the belief that the present limit is insufficient in view of the price of real estate downtown and can result in either decentralization and dispersion of business activity or scare prospective investors from Palm Springs.

Raising of the height limit will automatically bring up another problem — parking. With more people per square foot in taller buildings some provision for caring for their automobiles must be made. So the realty people have coupled this problem with the question of height limits.

It is reasonable to assume that the realtors will come up with a recommendation to change the old 30-foot law and still not detract from the original intent of a pioneer city council — the pleasant atmosphere of a resort city.

Yes, change is inevitable. The Palm Springs of tomorrow may not look like the Palm Springs of today but there is no need to sacrifice the charm of the desert resort which has brought about the great growth that has made the change necessary.

In this case we can have our cake and eat it, too.

It Can't Go on Forever

There's one thing you can say with certainty about the motorist. He isn't the forgotten man! The tax collectors — state and federal — remember him with a vengeance.

According to U.S. Bureau of Public Roads estimates, tax receipts on motor fuel accounted for 64 per cent of total state highway-user taxes during the year that just closed. In terms of dollars, they came to \$3 billion. And this wasn't all by any means — for the federal tax, of four cents a gallon, added up to a handsome \$2.4 billion.

There is, however, a very definite question as to just how long this goose is going to give ever-increasing golden eggs. While state and federal taxes on gasoline have risen 50 per cent in the last decade, the rate of increase in gasoline consumption has, in late years, shown a substantial decline. For instance, when the federal tax was increased in 1956, there was a growth rate decline in 40 states. The same thing happened almost

identically when the latest increase went into effect in 1959 — 39 states reported a consumption fall-off.

So what we seem to be witnessing is an example of the ancient and irrevocable law of diminishing return. The combined federal-state gas tax now averages more than 10 cents a gallon. So motorists drive less, or shift to the smaller cars. And government in the long run, is a major loser.

A Washington, D. C., reporter claims to have exhumed the text of a speech made by Christopher Columbus at the first Columbus Day dinner after he discovered the New World. He claims the speech started: "A funny thing happened to me on my way to India..."

A little boy asked to define "snuff" said: "That's what ma always says to pa when they fight."

HOLMES ALEXANDER:

A Letter to the State Department

WASHINGTON, D. C.
To Honorable Roger Jones
Deputy Under Secretary of State for Administration
Subject: The State Department's Insecure Security.

Dear Mr. Secretary Jones: The security system of the State Department recently has been under public chastisement for security-slackness, a downgrading of security efficiency and, hence, an inevitable softness on Communism.

The American public will be even more disturbed, I believe, at the purloined letter which I am about to reveal. It was sent on January 5, 1962, by J. Walter Yeagley, Assistant Attorney General, Internal Security Division, Department of Justice. The contents of the letter reveal:

1. "An apparent unwillingness to carry out the will of Congress, which is, of course, the will of the people." Secretary Yeagley is a low echelon official who can only be transmitting the Administration line. He has worked out a serpentine argument by which the State Department can wiggle out of its duty to apply the passport provisions of the Internal Security Act.

2. "Legal Sanctuary for Subversives." "... the Dept. of Justice," writes Secretary Yeagley in a rough draft in my possession, "is of the opinion that the State Dept., in denying a passport, should conduct a hearing based upon an open record..." This means, in effect, that only known and hence relatively harmless subversives (but not unknown and relatively harmful ones) can be

denied their country's seal of safe conduct, known as a passport.

3. "Must Congress be obeyed?" "... the (Internal Security) statute does not contemplate the denial of passports on the basis of information which cannot, for security reasons, be disclosed." This is the language of Secretary Yeagley and the opinion of the Justice Department, which apparently is trying to thwart the will of Congress—and is searching for a suitable subterfuge. In point of fact, the statute requires a State Department official to deny a passport when he "has reason to believe" that the applicant is a Communist.

4. "Does the law mean what it says?" Section 6 (b) of the Internal Security Act plainly makes it "unlawful" to issue or renew the passport of a member of the Communist party. How does the Justice Department get around this? "It is our position that Section 6 (b) must be read to require the officer capable to disclose..." writes Justice to State. The officer of the State Department may have top secret information that the passport applicant is as Red as Khrushchev. But the officer cannot act upon secret information which is not "capable of disclosure."

5. "Is there a Right to Travel?" There is permission to travel and privilege to travel. The USA spends \$50 billion a year for arms which have the purpose, among kindred purposes of protecting its citizens and their property anywhere in the world—but there is no Right to Travel, as such.

Hence, there is no "right" to demand a passport. Yet Justice says to State that the passport applicant who is denied a passport "would, in our view, be entitled under the statute to be apprised of the source of such information." Unless the applicant is allowed the "confrontation" by the FBI or other officials who hold top secret information about Communist membership, the applicant is being denied "due process of law"—according to Justice. But since the public safety is paramount, Justice advised State not to encourage such a confrontation. Keep the information secret, but give the Red a passport.

6. "Soft on Subversives and Slack on Security." Consequently, as we interpret it," says Justice to State, "the statute only requires the Department of State to deny passports in cases in which it can... produce the evidence..." It does not follow that your Department must divulge information where security interests require that it be kept secret... Raher... the passport should be issued and the information withheld. In such cases, the Secretary of State can properly consider that he does not have the "knowledge or reason to believe" that a Communist applicant for a passport is really a Communist.

Well, it all appears to be very legal and pious—but from where I sit, it sounds as though the Kennedy Administration was instructing itself not to execute the nation's laws on internal security. And unless our nation develops a rage to win the cold war, we could lose it by just such nonsense as this.

Thought seriously of writing them a nasty letter. Glad I didn't — after that nice article this month. It was a glowing article. Just like women's hair may be soon.

THIS SIDE OF The Sun

R. F. "Phat" GRAETTINGER

Just read a woman's style note That gave me quite a fright. The girls will soon be using Hair dye that glows at night.

I'm going to quit reading the Women's Section of the newspapers. I run across so many things that spoil my day.

LIKE THIS article by a New York hairdresser. He said that he expects women to use a hair dye in the near future that will glow at night.

Of course, that wouldn't be too far out of line. After they started dyeing their hair every time they changed gowns so that the hair and the dress had a kind of togetherness, adopting the dye that would stand out like a billboard with luminous paint, was to be expected, I guess.

BUT I THINK it would be rather scary to turn a corner, perhaps, on a dark street and see a reddish or greenish glow or any other kind of an colorish glow floating about five feet above the sidewalk.

Or consider a husband returning from a late business conference that had been a stirring affair. Stirring with a swizzle-stick, that is.

Sneaking in with his shoes in his hands, he might see a blueish halo floating down the hall. It could mean another member for the AA forthwith.

AND A GIRL with red glowing hair could jawwalk any place in the block with safety. Drivers would think it was a traffic light and stop.

That old number, "Glow Worm" would come back into favor when some romantic guy serenaded his current heart palpitant.

There'd be some fights, too. Lots of girls might object to being called a worm.

THEN SUPPOSING a wife told her husband to meet her at the corner of the Drive and Alejo and that she'd be easy to locate, she'd be glowing green. And the wife foretold to change from the red dye to green.

Fellow could get his face slapped, you know, if there was another green glow there.

PALM SPRINGS hit the jackpot last weekend in publicity. One Sunday newspaper devoted a full section to the desert and Palm Springs predominated in the pictures and stories.

But the biggest splash of favorite comment came in the current Holiday magazine. The article covered several pages with many pictures in color.

HOLIDAY USED to make me mad everytime I read it—which is once a month for the past few years. They run a column each month listing temperatures at various resorts as a come-on for tourists.

But they never mention Palm Springs.

Thought seriously of writing them a nasty letter. Glad I didn't — after that nice article this month.

It was a glowing article. Just like women's hair may be soon.

WHITE MAN'S BURDEN

ABIGAIL VAN BUREN

Dear Abby...

DEAR ABBY: The man I love is married to someone else—but not by choice. He has begged his wife for a divorce ever since he met me eight years ago, but she will not give in. She uses her children as her first line of defense. I would like to surprise him with a divorce as a gift, but don't know how to go about it. I have plenty of money for the lawyer, and am willing to pay whatever it costs to get this done in another state fast, without any public notices. In what state can I do this? — NO TIME TO WASTE

DEAR ABBY: My problem is lending clothes to my girl friends. I am 16 and have very nice clothes, all bought for me by my very generous parents. A few months ago a girl asked me if she could wear one of my sweaters. I let her wear it. When she didn't bring it back, I asked her for it. She told me she had already given it back to me. She didn't. Another girl asked to wear my stiff petticoat. I let her, and then she told me she rang my door bell and no one answered, so she left in on the porch. I never found it. Now another girl wants to wear my coat to a football game out of town. Should I punish this girl because the others were dishonest and tell her no? My parents refuse to replace what I've lost through lending. — TOO EASY

DEAR ABBY: Since you appear to have rather poor judgment in sizing up your "customers," you'd be wise to lend nothing. It's frequently the nice people who must suffer because the not-so-nice ones abuse friendships.

DEAR ABBY: I like a boy who I am sure likes me because all of his friends have told me so. We are both 15. He comes over to see me very often, but he never comes alone. He always brings anywhere from one to six boys with him. When he is with his boy friends, he usually ignores me. But once in a while, if I get him alone, like last night when I asked him to come in the kitchen

and help me get the ice trays loose so I could make lemonade, he was just marvelous. How can I tell him I would rather see him alone without hurting his feelings? — GOT A CRUSH

Remember When

January 17, 1952

Herb Rogers of the Playhouse announced that the opening performance of "Light Up the Sky" the new Moss Hart comedy to start the season, was already a sell-out.

Ernie Dunlevie turned the tables on a masked assailant who attacked him as he arrived at his home. After subduing the thug, Dunlevie turned him over to police.

Approximately 50 desert residents testified before examiners for the state public utilities commission meeting here to hear complaints against California Water and Telephone company service.

January 17, 1942

Palm Springs Defense Council sounded another appeal for volunteers for the Aircraft Warning Service. The response to date was reported insufficient.

Thomas O'Donnell and J. E. French, co-chairmen, announced dates for the seventh annual Palm Springs Golf Invitational at the Desert Golf Course as Feb. 6, 7 and 8.

Frank Bozert, chamber of commerce publicity man, said the annual Palm Springs Rodeo would be renewed at Smoke Tree Ranch.

January 17, 1932

Desert Riders rode out to the Kiva, near Smoke Tree Ranch, for a breakfast session. Fifty eight riders participated in the event.

A rare palm known as the Traveler's Tree, a native of Madagascar, was flourishing at the A. G. McManus home on Baristo Road. It was said to be the first time one of these trees had grown from seed in Southern California.

BOB CONSIDINE:

Bargains in Money Now Available in New York

NEW YORK—Had a heady little talk the other day with John Flynn, a young Scotch Irishman who is branch manager of the Perera Co., in Rockefeller Center. While we talked, Mr. Flynn rifled through a stack of schillings, kyats, rupees, markkes, drachma, yen, hwan, zlotys, dinars, Portuguese-Indian escudos (bearing a puzzled looking head of Alfonso Albuquerque) and some assorted pounds and dollars—the former from Sudan and Fiji and the latter from Ethiopia.

"We buy and sell money," Mr. Flynn said, "I've the babel coming from a busy counter over which persons of many tongues were buying and selling the currency and coin of 130 nations. 'Old gentleman came in here the other day with a package of German marks—millions of marks—and said he'd like to turn them in on today's West German marks, one of the soundest currencies in the world. It was hard to tell him that his marks were worthless. They were from the inflationary days just after World War I when you had to take a suitcase of them to the market to buy an egg.'"

Mr. Flynn is offering some bargains in money, a sort of post-holiday sale. You can save seven or eight per cent by buying Japanese yen in New York before yielding to the yen to fly to Tokyo, about 25 per cent in Indian rupees, and up to 40 per cent on Burmese kyats. We felt like a fool, not being able to snap up that latter offer, but Mr. Flynn didn't press the matter.

"Business is fine," he said contentedly. "People are buying more money today because so many European hotels and banks are charging commission on other peoples' money and checks. Besides, it's a great convenience to be able to step off a plane in Rotterdam, let's say, and have guilders in your pocket for tips, shopping and so forth. The International Match Corporation has built a money-changing machine for use at idleness that will take a \$5 bill, let's say, and change it automatically into any currency you need. It knows the difference between a \$1 and a \$5, and between all other bills, and rejects counterfeit. This is a big business."

Perera deals in all known currencies except Red China's yuan, whose official rate is 2.46 for a dollar and whose thriving black market rate in China is 12 to the buck. The company was swamped with Cuban pesos as Castro ran amok, but there is only a trickle now that Cuba has a peso made in the image and likeness of Fidel.

The big swing is to gold coins. Mr. Collins told us. For years Americans avoided them like the plague, in fear of being indicted for hoarding. Now they're going like goldcakes. Ten dollar pieces (minted before FDR) are steady at \$23, the classic \$20 gold coin now costs \$43.95. The U.S. \$5 gold piece sells for \$14.95, but a rare \$4 or \$50 U.S. gold coin, in good condition, may bring \$4,000. All who buy are now considered "collectors" by the federal government—until and unless they try to melt the stuff into bars and head for Switzerland.

Gold was first used in coinage in 700 B.C. in Greece "... Because its rarity made it precious, because its color is unique and because its luster will last forever," Robert Friedberg wrote in "Gold Coins of the World." Gold became impervious to political and ethnic change. Gold dinar which circulated in Africa and Asia from 660 A.D. was still honored at the beginning of this century. The florin, first minted in Florence in 1202, was as good as gold as late as 1896. To meet the demand for gold

coins for jewelry and pocket pieces, Perera now offers gold from Austria, Belgium, Chile, Colombia, Cuba, Czechoslovakia, Denmark, Dominican Republic, France, Germany, Great Britain, Italy, Lichtenstein, Luxembourg, Mexico, Monaco (pre-Grace), Netherlands, Norway, Poland, Romania, the U.S.S.R., Sardinia, Saudi Arabia, Spain, Switzerland, Sweden, Syria, Turkey and the Vatican. The metal would seem to be about the only thing some of those sovereign states have in common.

We edged out of the shop warily. During the war a friend of ours made a very bad deal on a coin sold to him by an Arab in Carthage for fifty bucks. We asked him how did he know it was a real antique. "Simple," the poor boob said, flashing the piece of rust, "the date's right here on the coin—400 B.C."

Letters to The Editor

The Editor

Dear Sir: Many times we members of Palm Springs Service Clubs forget to express our appreciation for the unflinching support of the Desert Sun in helping us serve our city.

This is an appropriate time at the beginning of a new year to state that the Palm Springs Kiwanis Club is grateful for the support of The Desert Sun during the year past.

One outstanding example of your help came when we were attempting to sponsor the Don Cossack Chorus program in November on the same evening of the annual Homecoming Ceremonies and football game at the Palm Springs High School. Without your assistance in publicizing this event we probably would have failed with the possible result that the Kiwanis Club would have been reluctant to continue the sponsorship of annual musical events featuring nationally known organizations. With your aid we actually realized a net profit in excess of \$500 to be used for club charity expenditures.

Throughout the year when we featured other events and programs of community interest we could depend upon your full cooperation. The Palm Springs Kiwanis Club will continue in the coming year to work for and serve the best interests of the city. With your continued cooperation we cannot fail.

On behalf of the Kiwanis Club I would like you and your staff to know that all of our members appreciate your many acts of assistance throughout the past year.

Sincerely yours,

Dear Sir: With so many stories of delinquent teen-agers, would it be of any interest to you that my 17-year-old son, Roger, worked on and rebuilt a small pipe organ this summer and fall?

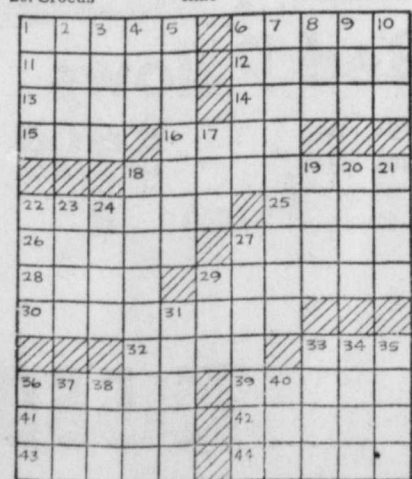

He bought over 500 pipes here and sanded, repainted and revoiced them. When he gets a console, he hopes to put it in a church, as he feels all churches should have pipe organs and not electronic music devices.

He is a Senior in high school, majoring in music. Yours truly,

U.S. Farm Products Tops In World Trade

By GAYLORD P. GODWIN

WASHINGTON (UPI) — The United States clung firmly to its position as the world's largest exporter of farm products by supplying one-fifth of the total volume of world trade in fiscal 1961.

The Agriculture Department's Economic Research Service (ERS) said value of farm exports for the fiscal year was a record \$4,946,000,000, up 9 per cent from the previous year and 5 per cent above the prior record in 1956-57 when exports were stimulated by the Suez crisis. Export volume last year topped the previous record in 1959-60 by 7 per cent.

Nearly one-sixth of U.S. farm income was derived from farm exports.

One acre of every six harvested produced for export. The output of 60 million acres of U.S. cropland moved abroad. Exports accounted for half of the output of cotton, wheat, rice, and dried peas; two-fifths of the soybeans and tallow; about one-third of the tobacco, hops, flaxseed, and non-fat dry milk.

ERS said U.S. farm exports last year required financing, inland transportation, storage, and ocean

shipping for 41 million long tons of cargo. This was enough to fill more than one million freight cars or 4,000 cargo ships.

Of the \$4.9 billion of U.S. agricultural exports in 1960-61, some \$3.4 billion were commercial sales for dollars, and \$1.5 billion moved under P.L. 480 and Mutual Security Act programs (foreign currency sales, donations, barter).

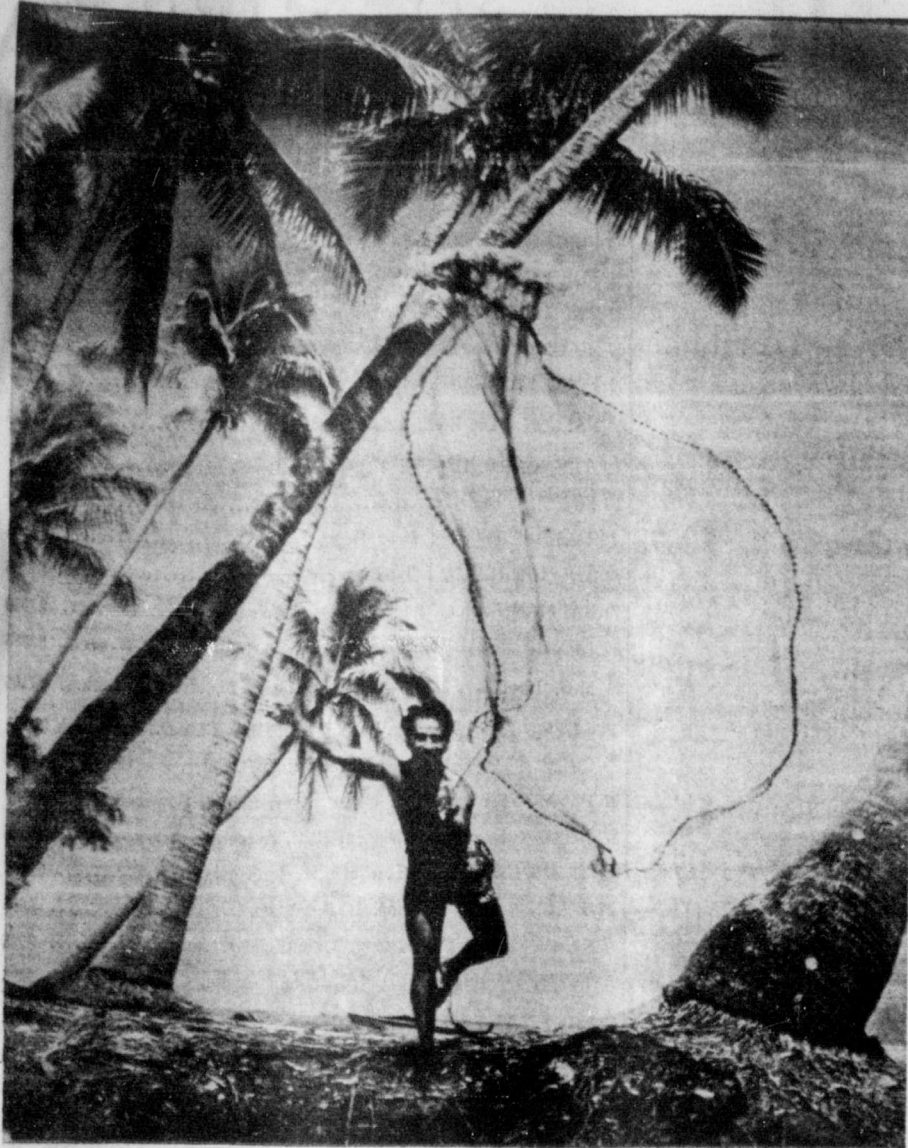

In order that major products such as wheat, cotton, and feed grains could compete in world markets, the Commodity Credit Corp. made export payments in cash or in kind or sold stocks at

less-than-domestic market prices. An estimated \$2.3 billion of exports moved in this way—\$1 billion under P.L. 480 and the Mutual Security Act, and \$1.3 billion as dollar sales. The export assistance, principally in the form of export payments, totaled nearly \$650 million, an amount not included in the value of farm exports.

California Battle Site For National Politics

By JAMES C. ANDERSON

SACRAMENTO (UPI) — The New Year marked the official start of one of the most important election years in California history.

Between now and Nov. 6, the state will be the battle ground for a national struggle between Republicans and Democrats. The stakes are high—control over a state that by 1963 is expected to be the most populous in the nation.

With Democrats holding most of the offices, these are the major contests:

State: Governor, lieutenant governor, secretary of state, controller, treasurer, attorney general and four members of the board of equalization.

Congressional: One U.S. Senator, 38 representatives in Congress, a gain of 8 seats over the 30-man delegation which represented California during the past decade.

State Legislature: Half of the Senate, 20 seats from the even-numbered senatorial districts plus all 80 members of the Assembly.

Judicial: Judges of the Superior Court in counties where terms expire and, in November, some Appellate and Supreme Court justices.

Schools: Superintendent of public instruction, a non-partisan office.

Ballot propositions: At least 21 proposals will be on the Nov. 6 ballot. Most important are a \$100 million bond issue to build low rent housing for the elderly and a measure to extend daylight savings time through the month of October.

At the present time, the Demo-

cratic party, headed by Gov. Edmund G. Brown, controls all of the state offices except secretary of state. Democrats hold a 16-14 edge in the congressional delegation, control the state Senate 28-11 with one vacancy and boast a 45-33 margin in the Assembly with two seats vacant. All four equalization board members are Democrats.

Republican Thomas H. Kuchel is the incumbent senator who must go before the voters to win another six-year term. The state's other senator, Clair Engle, a Democrat, does not have to run again until 1964.

Kuchel is expected to announce formally his candidacy for reelection within a few weeks. Assemblyman Thomas M. Rees of Beverly Hills already is a declared candidate for the Democratic nomination while Howard Jarvis, a Republican conservative has said he will make the race.

Gov. Brown, who sailed into office in 1958 by a million vote margin over former U.S. Sen. William F. Knowland, faces the challenge of at least four Republicans this time.

They include Richard M. Nixon, the man who narrowly lost the presidency in 1960 but who edged John F. Kennedy in California by 35,000 votes; former Gov. Goodwin J. Knight who hopes for a political comeback; ex-Lt. Gov. Harold J. (Butch) Powers and Assemblyman Joseph C. Shell of

Los Angeles, an avowed conservative.

Under California law, the Nixon-Knight-Shell-Powers fight will be settled by Republican voters in a primary election on June 5. The winner is expected to face Brown in a runoff election on Nov. 6.

Barring an occasional speech, Nixon has not yet started his all-out campaign for the GOP nomination. He expects to swing into high gear in February and promises personal appearances in every one of the state's 58 counties.

Knight, 65, campaigned vigorously from the time he announced his candidacy last September until December when he was stricken with hepatitis. Friends said that despite his illness, he is in the campaign to stay and hopes to be back on the firing line by February.

Shell probably has been the most active campaigner up to now. Flying his own airplane, he has made more than 350 speeches since the legislature adjourned last summer.

No major Democrat has announced he will contest the primary election against Brown. Robert I. McCarthy, a former cabinet official who quit Brown's administration in a huff, has said he is considering running for governor but he has not made a final decision.
